If you would like to read more about the topic, I can recommend the following books and articles: You have probably heard that due to the increased number of company law cases resulting from the new registration procedure at the Registry of Companies, it has become necessary to employ some temporary staff members at our company as of 1 December. All members of staff are welcome to discuss the new rules at a previously scheduled time. As requested, below please find the detailed list of the most recent phone calls and meetings with Mr Nagy in the Szabó case. Please let me know if there's anything else I can do for you. It has come to my attention that many of you have difficulties using legal English. I have, therefore, contacted Precedens Language Studio to hold regular training sessions for the Legal Department team in our offices. Please let me know by 9:00 a.m. on Friday what time(s) would be suitable for you. Attendance is mandatory, thus please make sure that you have marked it in your schedule. The present summary focuses on the main issues raised at the meeting with the directors of Dunapapucs Kft. Please let me know if you would like to discuss these issues further or would like to get a copy of my seminar notes. A detailed overview of the field can be found at www.newhungariancivilcode.hu Thank you for agreeing to handle the Dunapapucs case while I'm on holiday. The purpose of this memo is to request authorization to purchase 10 copies of Continental Legal English for the junior members of the staff. I can provide a more detailed explanation of these ideas when I have returned from my business trip to Slovenia. However, if it's urgent I can be contacted via email or on my cell phone. In response your request to give you advice about the Splash case, I can suggest the followings:
